

CROWDSOURCED
EDUCATIONAL RESOURCES
 DEVELOPED BY STEM.ORG CERTIFIED™ EDUCATORS

Our STEM credential is part of a long-standing partnership with Staples, Inc. It is the only commercially available STEM certification sold by a major retailer/ publisher and has been awarded to thousands of educators globally. We include lifetime access to 1,000+ pages of downloadable, K-12 STEM curriculum with each enrollment and the repository continues to grow. See a snapshot below.
